Module 1: Introduction to IELTS

Understanding IELTS

- Introduction to the IELTS exam structure, types (Academic/General Training), and purpose.
- Overview of the four test components and scoring criteria.

Module 2: Listening Skills

Listening Test Strategies

- Listening test format, question types, and assessment criteria.
- Developing skills for effective listening, note-taking, and predicting content.

Listening Practice

- Practice with various audio recordings (lectures, conversations, monologues).
- Activities to improve listening comprehension and answer accuracy.

Module 3: Reading Skills

Reading Test Overview

- Understanding different question types, skimming, scanning, and detailed reading techniques.
- Time management strategies for the Reading section.

Reading Practice

- Practice with diverse texts (articles, essays, reports) to improve comprehension.
- Techniques to understand and answer questions effectively.

Module 4: Writing Skills

Writing Test Structure

- Explanation of Task 1 (Graphs, Charts, Tables) and Task 2 (Essay) in the Writing section.
- Understanding task requirements, assessment criteria, and time management.

Writing Practice

- Task 1: Summarizing data, describing trends, and writing reports.
- Task 2: Crafting essays, planning, and structuring arguments coherently.

Module 5: Speaking Skills

Speaking Test Format

- Overview of the Speaking test structure and three parts: Introduction, Long Turn, Discussion.
- Evaluation criteria and tips for effective speaking.

Speaking Practice

- Mock speaking tests and role-play exercises.
- Practicing fluency, pronunciation, and coherence in speaking.

Module 6: Exam Strategies and Practice

Practice Tests

- Full-length practice tests under exam conditions.
- Analysing performance, identifying weaknesses, and areas for improvement.

Time Management Skills

- Developing strategies to manage time effectively during the test.

Learning Approach:

Interactive Learning

Engaging in interactive activities, exercises, and discussions.

Mock Tests and Feedback

Regular practice tests followed by detailed feedback and improvement strategies.

Language Enhancement

Focusing on grammar, vocabulary, and language accuracy improvement.

Speaking Drills and Discussions

Opportunities for structured speaking practice and discussions.
